

- **NJ Senate Resolution (SR) 20 Passes Unopposed**

A resolution encouraging the establishment of the NeuroEndocrineImmune (NEI) Center™, the first research center in the state of New Jersey dedicated to understanding and treating chronic neuroendocrineimmune (NEI) illnesses which includes ME/CFS and Fibromyalgia, was voted on and passed June 10th. To be based in Newark, New Jersey, the NEI Center™ is a community patient-driven project of P.A.N.D.O.R.A, (Patient Alliance for Neuroendocrineimmune Disorders Organization for Research & Advocacy, Inc) in partnership with the Lanford Foundation-Lifelyme™, Inc.

Visit the NEI Center™ web site at www.neicenter.com
